

UC DAVIS

UNIVERSITY OF CALIFORNIA

Department of Chemistry

Diversity in Pathways Lecture Series

Friday, June 24, 2016
2:00 - 3:30 pm
Room 172
Chemistry Building

Light refreshments will be provided

Host: Alliance for Diversity in Science and Engineering- UCD

Dr. Denneal Jamison-McClung

UC Davis ADVANCE Program Coordinator,
Associate Director of Biotechnology Program,
Director of BioTech SYSTEM

Dr. Jamison-McClung will present data on diversity in STEM across the academic pipeline and elaborate on emerging best practices to promote an inclusive STEM community. She will highlight the cultural background and personal experiences that led to her deep interest in civil rights and the need for diversity.
